Goals for each one of us

The mission of the Human Resources Development Department is to improve staff satisfaction and develop personnel who are suitable for an excellent company. The Human Resources Training Section holds a range of training activities such as new employee induction, and also works to achieve a more open atmosphere in-house through the promotion of initiatives such as the "○△□ (MaSaShi) Idea" that allows anyone to make suggestions within the company with ease, and conducting surveys of employee satisfaction. The section also holds the MIURA Challenge Cup, which motivates staff to learn by giving them the chance to enjoy competing with their knowledge. People are the foundation of any company. Staff development is essential to the growth of the company. We support our staff in enhancing their potential, placing a great deal of importance in creating a working environment where every employee can enjoy learning and working. In the Human Resources Hiring Section, which is responsible for hiring employees for the entire group, our mission is to hire the people we need in the field swiftly. To help achieve our goal of becoming a "super maintenance company", we act as an advertising billboard to communicate the appeal of MIURA, and appreciate every opportunity we have to meet new colleagues who share our values. It makes us very happy to see or hear that the people we hire are playing an active role in their workplaces.

TO YOU

We will continue to adapt our in-house training to meet the needs of the times.

Sustainable Development Goals (SDGs) are shared goals for international society to be achieved by 2030, adopted at the United Nations summit in September 2015. They comprise 17 goals for achieving a sustainable world.
