

# 2024 Luncheon Seminar in Singapore on 1<sup>st</sup> October (Tue) 12:25-13:20

**We are happy to invite you for 2024 Luncheon Seminar !**

Over the recent years, analytical technology as well as regulation in POPs analysis/measurement have been evolving.

This seminar is aimed at those who are interested in dioxin/PCB/POPs analysis and measurement automation and will introduce latest measurement techniques and developments and provide insight in forthcoming strategies.

In addition, the seminar provides a great opportunity to exchange information among MIURA users.
