MIURA starts distributing maintenance video (1)

We have created a video on maintenance of our products.

As the first video, we will show you how to replace the fan units built in to the 1 lamp UV power source unit, used in the source panel of our ballast water management system. You can watch the video from the following URL.

We hope you will find it useful for your vessel's maintenance.

How to replace internal FAN UNITS of 1 lamp UV POWER SOURCE UNIT
