

MIURA CO., LTD.

Issued May 7, 2025

**MIURA Marine Business
Maintenance Office Established in Istanbul, Republic of Türkiye**

MIURA TURKEY HEATING SYSTEMS INDUSTRY CO., LTD. (Head Office: Istanbul, President: Hiroyuki Kikkawa), an overseas subsidiary of industrial boiler manufacturer MIURA CO., LTD. (Tokyo Head Office: Minato-ku, Tokyo; President and CEO: Tsuyoshi Yoneda), has established an office in Maltepe, Istanbul, in the Republic of Türkiye (hereinafter, "Türkiye"), as a maintenance office for its marine business.

1. Purpose of establishment

Türkiye is considered to be one of the most important areas, possessing some of the world's best repair docks. Many ships equipped with MIURA products dock there, and the demand for maintenance such as inspections, maintenance, and repairs associated with regular inspections is growing. In order to respond promptly to requests for after-sales service, we have decided to establish a maintenance office for our marine business in Maltepe, Istanbul.

The role of this new office will be to provide in-depth handling of regular repair dock inspections in Türkiye; improve support for troubleshooting products, with a focus on ballast water management systems in the region; and strengthen relationships with Turkish shipowners.

Going forward, we will add Istanbul to our seven existing marine business offices in Shanghai, Zhoushan, Nantong, Taipei, Singapore, Amsterdam, and Houston, for a total of eight locations that allow us to do business globally.

2. Overview of new office

(1) Office name: MIURA TURKEY HEATING SYSTEMS INDUSTRY CO., LTD.
MARINE DEPARTMENT

(2) Location: Maltepe, Istanbul

(3) Date of establishment: May 1, 2025

(4) Representative: Hiroyuki Kikkawa

(5) Business description: Maintenance of MIURA marine products and sale of parts

*This overview of the new office is as currently planned and is subject to change.
